

THE ROCKY MOUNTAIN DISTRICT LWML CHRISTIAN LIFE DEPARTMENT

The purpose of the Christian Life Committee is to encourage, equip and nurture believers, so that they may become strong in the Lord, steadfast in the faith, and willing to serve the Lord according to the gifts He has given them. We want to help you keep the Word of God as a focal point in all LWML meetings and activities and to inform you about the variety of Christian Life materials available through the LWML.

Debbie Yocky, Vice President of Christian Life maintains a large assortment of resources including Bible studies and devotions. A complete list of resources can be printed upon request and is available on-line on the Rocky Mountain District website. The committee is also willing to provide advice and more detailed information about products currently available in the LWML catalog.

The 2011-2012 Catalog is available at Christian Life table at your rally. For the most up to date product information and to make quick and easy purchases, log on to the LWML web site at www.lwml.org.

If you've written a devotion or program, the Christian Resources Editors Committee is always searching for original materials, including devotions, programs, sketches, Bible studies and Retreats, to be considered for the *Program Helps* section of the *LWML Catalog*. Materials that help stimulate interest; aid in the development of ideas; and offer creative planning for societies, zones, and districts are needed. The Christian Life committee is especially interested in materials that appeal to a wide audience and clearly proclaim Jesus Christ and his love for us. Contact Rocky Mountain District Christian Resources Editor, Colleen Spahr, for more information or to submit materials. Colleen has personal experience with the process, as a litany she submitted to the Christian Life Resources Committee has been published by the LWML. A copy of this litany has been placed in your rally packet.
